TENTATIVE RULINGS**

**1. 24CV03294 Northern Valley Harm Reduction Coalition v. City of Chico**

*EVENT: Plaintiff's Motion for Preliminary Injunction (Second Motion)*

On the Court's motion, the motion for preliminary injunction is continued to October 15, 2025 at 9:00am, so that “the factual matrix is sufficiently set to permit a useful and intelligent adjudication” (*California Water & Telephone Co. v. County of Los Angeles* (1967) 253 Cal.App.2d 16, 24) Here, the California Department of Public Health’s pending decision on Petitioner’s application materially affects the pending motion. Plaintiff shall update the Court with the status of its application for SEP authorization. If authorization has been granted, Plaintiff shall include a copy of the decision with the status report. The status report should be filed and served no later than October 6, 2025.
